

IN THE SPECIFICATION:

Please amend the following heading at line 1 of page 1:

~~BACK-GROUND~~ BACKGROUND OF THE INVENTION

Please amend the paragraph beginning at line 3 of page 1 as follows:

The present invention relates to a user interface for creating a printing template, and more particularly relates to a user interface for creating a printing template for printing out analysis results of an analyzer in a report form of a desired style.

Please amend the paragraph beginning at line 8 of page 1 as follows:

Recently, an analyzer has not only been used for simply detecting and measuring conditions of a sample under a specified environment and recording and displaying the detected value, but also as an integrated system enabling continuous operations from drive control by operating a computer such as a personal computer connected to a detection unit, various data processing performed by reading the detected values, display of the data in the form of a graph and a table on a display screen as well as analysis of the
